

**TOWN OF HUDSON WATER AND SEWER  
PERMIT FOR SERVICE**

I, \_\_\_\_\_ as the property owner hereby apply for a permit for use of the Town of Hudson water supply and/or sewer service mains for the following property located at \_\_\_\_\_ Acct. # \_\_\_\_\_, and I agree to abide by all ordinances, regulations and standards relating to water and sewer service in the Town of Hudson now existing in Ordinance sections 10 and 15 in the Town of Hudson Ordinance Code Book and as they may hereafter be amended, modified or altered and I hereby agree to the following rules and regulations in connection therewith.

**Tampering with meter:** No person shall tamper with any meter, or alter any connection so that the meter does not accurately measure the water drawn from the municipal system. In the event the Town of Hudson finds that any meter has been tampered with, the property owner will be assessed a charge for the replacement and/or repair of the meter.

**Permit Required:** No water shall be tapped or drawn from the municipal water system except by permit and through a meter issued by the Town of Hudson. No person shall make any connection to or uncover or open any municipal sewer without first obtaining a permit from the Town of Hudson.

**Application:** Application for a water and/or sewer permit shall only be made by the property owner off the premises to be served.

**New Property Ownership:** Any person who purchases property in the Town of Hudson shall apply for a new water permit. There shall not be a water permit issued for any property that has an existing property lien due to unpaid water charges until the unpaid balance has been satisfied.

**Access to Meter:** The Town of Hudson shall have the right to inspect and read the meter at all times. In the event the meter is unable to be read due to such things as locked gates, unrestrained animals, or the meter being covered by snow or weeds, the customer will be assessed an additional (\$40.00) charge to their water service bill for every month the meter is unable to be read.

**Responsible for Charges:** The Property owner shall be responsible for all charges incurred under this agreement. Unpaid charges shall also constitute a lien upon the premises served.

**Ownership:** The owner of the property shall be responsible for any damage to the meter, but the meter shall remain the property of the Town of Hudson, the remainder of the water and sewer connection up to the curb stop shall belong to the property owner.

**Delinquent Charges:** All monthly charges that are not paid by the due date as stated on the billing statement will be deemed delinquent. A delinquency charge of 10% of the delinquent amount will be assessed monthly. Any account more than 30 days delinquent shall be shut off provided the Town of Hudson provides seven (7) days notice to the property owner. After shut off, water service shall be resumed only upon payment of all charges due, plus a re-connection fee of \$40.00. In the event a property transfer's ownership and there are any delinquent charges due to the Town of Hudson for water/sewer service, the water service will be disconnected until the delinquent charges are paid in full by either the previous owner or the new owner.

I hereby understand and agree with all of the above rules and regulations.
