THROUGHOUT TOWN THERE HAS BEEN AN INCREASE IN COMPLAINTS ON DOGS BARKING. Please be a good neighbor and ensure when you are not home, your dog is not left out where it can be uneasy, and bark continually.

Please CONTROL your animals: It is not permissible to let them roam around or be off your property, without you present. The Sheriff's office (332-5611) is working with the Town to enforce rules. Please do not call the Sheriff's office on minor incidents (let the Town know), yet, if it is an incident of aggression or constant disturbance, then please call. Additionally, if you carry a cell phone, please use the camera and **take a picture or a video if possible.** This helps identify the dog or animal, without question. Thank you!

Please clear the paths to your meter pit. Make sure they are assessible. Thank you!

A HUGE THANK YOU TO THE GENE GENERO FAMILY FOR THE DONATION OF A FREEZER TO THE TOWN. Your generosity enables the town to have a means for meat storage, when donations come in.

If you are interested in joining. The annual fee is \$3.00 for dues, and you may contribute to the “fund” any amount you wish, each month. The Homecrafters are vital to the town, and when called upon, willingly coordinate and provided many funeral dinners for local town citizens. If you would have an interest in joining, or would help serve for funeral dinners, or prepare a dish, please contact Donna Leiting at 332-6432, or Carol Peterson at 332-4259. Carry-in lunch meetings are held at the Town Hall on the first Tuesday of each month, at 12noon, beginning in October and ending in May. **The next meeting date will be Tuesday, October 2nd.**

Please bring in PHOTOS OF PAST VETERANS AND MAYORS OF THE TOWN. Mayor Anderson has designated an area of the Town Hall to honor those who have served our country, and another location for those who have served our town.

MOSQUITOS: The town would like to thank Harry Miller, Maintenance Director, for his hard work and diligent efforts to eradicate mosquitos and maintain the town, to include the Water Treatment Plant and Sewer Lagoon. Did you know, although the testing for west nile virus (WNV) in town, does show a few mosquitos of the type that carry the virus in the area, none have tested positive for WNV in Hudson. Although Snavely Lane has shown areas of WNV, the results are still not above the indicator of concern. It is still advised that you protect yourself from being bitten by avoiding outdoors at dawn and dusk, wear protective clothing, apply DEET, and drain collected water around your property.

Please make certain all recreational vehicles follow state law, and not driven where they should not be. Additionally, make sure you have the ORV sticker, and a license on any that fit that regulation. Whomever is operating them, needs to be driving respectfully, responsibly, and safely, and children are wearing helmets, as per State Law. Thank you!
