www.hudsonwyoming.org **Mosquito's:** We are spraying for mosquito's weekly, generally early morning of Wednesday and Thursday. In spraying for mosquito's, we are mandated to spray everywhere. Also, please look outside, around your home, for any area that gathers standing water. Be sure to drain or treat standing water. Use an aerosol or propane fogger to clear mosquitos. Treat shady areas around the house, especially around entry ways, where resting mosquitoes are more likely to come indoors.

Water/Sewer Accounts: The Town has online bill pay, which is free to use. Go online and sign up for AUTO PAY www.hudsonwyoming.org or www.xpressbillpay.com or call in with your credit card information. You may also drop your payment in the slot at the front door of the Hall if the office is not open. Those who have signed up for AUTO PAY really appreciate that they know their bill will be paid timely, on a specific day of the month, so that they no longer must remember to have it physically turned in prior to the 20th. If you would like assistance, please feel free to call Christy at 332-3605 for support. **In an effort to not raise rates all at once, in 2016, the town implemented a 25-cent increase to both water and sewer every 6 months, which you will notice on your current bill.**

Did you know that CENSUS uses the collected information about the number of people living in a country, to identify age, sex, languages spoken, nationality, occupation and possessions? In conjunction, the town funding is based off of the numbers and information gathered during census inquires, so please be sure to complete census inquires when presented with them.
